

Monday August 27 – Saturday, September 1st 2018

Pre-Trip Ghost Ranch Saturday August 25–27

**Imagine...** being in a place that nurtures creativity. You're there in a circle of encouraging women.

**Imagine...** being guided in a gentle process of self-discovery.

**Imagine...** being taken care of so that you can focus on what's next on your unfolding path.

Writing helps us discover our truth, yoga brings us into our body and present moment awareness. Silence & sharing lets us rest into our true selves. Mabel Dodge Luhan House (above) unfolds us in her magical walls.

**No writing experience needed!**

I'm thrilled to be your guide!

My Mission — helping you find ways to express what you long to say. Together we'll liberate your creative spirit. I bring tools from many areas of my life, guide to women's growth,

Nancy Hill

author, therapist, process painter, wife, mother & grandmother.
